## Projects

---

### EduQuiz | Reactjs

Deployed Link: <https://eduquizapp.netlify.app/> 🖱

GitHub Repository: <https://github.com/Abhijeetkasar97/EduQuizApp> 🖱

- Implemented role-based access and progress analytics to improve user experience for both students and educators.
- Managed project timelines effectively, ensuring timely delivery of key features.
- Adapted to dynamic requirements and priorities, demonstrating flexibility in enhancing platform performance.

### TeamSpace | Reactjs

Deployed Link: <https://teamspaceapp.netlify.app/> 🖱

GitHub Repository: <https://github.com/Abhijeetkasar97/TeamSpaceApp> 🖱

- Developed a task management system enabling task creation, assignment, and progress tracking for efficient team collaboration.
- Integrated file sharing and document storage functionalities for better workflow and resource management.
- Implemented real-time notifications for task updates, deadlines, and team activities using React-based state management.

### Expedia Clone | JavaScript, HTML5, CSS3

Deployed Link: <https://expediaclose1.netlify.app/> 🖱

GitHub Repository: <https://github.com/Abhijeetkasar97/ExpediaClone> 🖱

- Designed and implemented a responsive multi-page travel booking website using HTML5, CSS3, and JavaScript.
- Built a dynamic navigation system for seamless user interaction across multiple pages.
- Developed an image carousel for featured destinations to enhance visual engagement and user experience.
